

# Caring Kea

## Conservation Option 1

1. Join the Kiwi Conservation Club (Forest and Bird) – (optional) or find out about a New Zealand organisation involved with conservation.
2. Find out about the New Zealand Kea, Nestor Notabilis.
3. Grow and care for a vegetable plant and eat the produce from it. Some examples could be potato, sweet corn, tomato, lettuce, beans or peas.
4. Find out about an endangered animal in another country.
5. Grow a plant from seeds saved from a flower, fruit or seedpod.
6. Make a picture or poster to show how you can care for our planet.
