

# Scientific Kea

1. Take part in 2 simple experiments with other Keas or at home and be able to explain what has happened and how it happened. Show pictures and explanations if you did it at home.
2. Complete any three of the following:
  - Look at the clouds and be able to explain what the weather is going to be like for the day.
  - Explain a weather map in your local newspaper.
  - Explain how rain is made.
  - Make a simple paper plane, Parachute or Helicopter and get it to fly.
  - Take part in an activity that uses a form of energy. Explain what energy it used and show pictures to help your explanation.
  - Explain what the 'Milky Way' is and talk about 2 planets in it.
  - Grow a plant and track it's growth over a 4-week period with a Diary and photos.
  - Make a simple telephone or some other form of Communication and explain how it works.
